We are proud of the quality and performance of the wide range of Hercules Tires products, and we realize that your continued satisfaction is essential to our success. Millions of Hercules brand tires are on the road right now delivering long mileage and outstanding performance. These tires are backed by a support network of thousands of dealers worldwide. Additionally, Hercules offers a unique protection plan to ensure you’ll never be caught in a town without a Hercules dealer in the unlikely event that you would need an adjustment under the terms of the protection policy.

THIS LIMITED PROTECTION POLICY IS NOT A GUARANTEE THAT YOUR TIRE WILL NOT FAIL OR BECOME UNSERVICEABLE IF NEGLECTED OR MISTREATED.

IMPORTANT

The following contains important protection policy information which you must have in order to obtain an adjustment under the terms of the protection policy. This information also includes the Hercules Road Hazard Protection Program, the Hercules 30-Day Trust Our Ride Test Drive Program, the Hercules Mileage Coverage Plan and the Hercules Adjustment Policy. We suggest you keep this in your vehicle at all times. In the unlikely event that you ever need to request an adjustment under the terms of the protection policy, present this to your Hercules dealer, and they will have all the information needed to promptly address your request.

ELIGIBILITY

Eligible tires are covered by this Limited Protection Policy for a minimum of 36 months from the date of original tire manufacture date or purchase date. (Without proof of purchase, date of manufacture will be used to determine age.)

This Limited Protection Policy applies to the original owner of new Hercules branded SUV/P-Metric/Light Truck, Passenger and Specialty Trailer tires that are new replacement market tires bearing the Hercules brand name and D.O.T. Tire Identification Number, operated in normal service, and used on the same vehicle on which they were originally installed according to the vehicle manufacturer’s recommendations. Additionally, tires used in commercial service including, but not limited to, taxicabs, police cars, emergency vehicles, trailers and non-passenger service vehicles are not eligible for the Road Hazard Protection Program or Mileage Coverage Plan set forth in this Limited Protection Policy. Tire(s) on any vehicle registered and normally operated outside the United States and Canada are excluded from eligibility under this Limited Protection Policy.

When used in normal noncommercial service, SUV/P-Metric/Light Truck, Passenger and all-steel ST/LT tires which become unserviceable due to defects in workmanship and material will be replaced on a “no charge” basis during the first 50% of original usable tread. Likewise, specialty trailer tires of polyester-steel construction which become unserviceable due to defects in workmanship and material will be replaced on a “no charge” basis during the first 2/32” of original usable tread. The cost of mounting, balancing and any other service charges including applicable taxes are excluded from reimbursement. Thereafter, the adjustment replacement price will be based upon tread wear prorated upon the basis of the original purchase price. Tires are considered 100% worn when the remaining tread depth is 2/32nds of an inch or less. BLEMISH passenger car tires are not adjustable. Out of balance, out of round or ride disturbance adjustments for SUV/P-Metric/Light Truck, Passenger and all-steel ST/LT tires will only be made during the first 2/32nds of an inch of the original tread depth. Likewise, out of balance, out of round or ride disturbance adjustments for polyester-steel specialty tires will only be made during the first 1/32” of the original usable tread depth. Three (3) or more tires from the same vehicle will not be accepted. All Hercules tire adjustments will be subject to and made in conformity with the following conditions and exclusions of the Hercules Limited Protection Policy.

ROAD HAZARD PROTECTION PROGRAM

This Road Hazard Protection Program is offered upon the purchase of any eligible new Hercules Tires branded SUV/P-Metric/Light Truck and Passenger tire purchased in Canada or the United States to promote goodwill and is not a guarantee that your tire will not fail or become unserviceable due to a road hazard injury. This Road Hazard Protection Program is a free replacement for the first 50% tread wear up to two (2) years. This protection plan applies to all Hercules tires as mentioned above that are purchased new from an authorized Hercules Tires dealer and is valid under the certain specified conditions as detailed below.

This Road Hazard Protection Program is valid from the date of purchase for two (2) years or when the tire reaches 50% of usable tread depth, whichever comes first. When an eligible tire is damaged during the first 50% of tread wear or first 24 months from date of purchase, whichever came first, the tire will be replaced with a comparable Hercules brand tire free of charge.

This Road Hazard Protection Program provides credit based upon 50% of remaining usable tread at the time of failure due to road hazard. “Usable Tread” is defined as the original tread depth of a tire less 2/32nds of an inch.

When the tire has 2/32nds of an inch or less in tread depth, it is considered worn out.
